OFFICE OF

THE DEPUTY DIRECTOR (SCIENCE AND TECHNOLOGY)

10 JAN 1964

Dr. Brockway McMillan
Director
National Reconnaissance Office
Washington, D. C.

Dear Brock:

I note in your memoran[redacted] December 1963 concerning the NRO FY 65 budget estima[redacted]94-63) that there is a statement on page six concer[redacted]ding for [redacted] synchronous satellites. That statement, if I [redacted] correctly, indicates that it appears to be your intention to assign to the Director, Program A, NRO, in FY 65 responsibility for any new system development in this particular satellite field.

Developmental work on [redacted] is a responsibility assigned to the Direc[redacted]RO, and it is my position that that responsibility should remain unchanged. I therefore wish to call my position in this matter to your attention, as this position will be sustained at such time as further discussions take place on programming NRO activities for FY 65.

Sincerely,

Albert D. Wheelon
Deputy Director
